

Bohannon Huston Welcomes Airport and Aviation Consultant Dumas Slade

Albuquerque, New Mexico / February 17, 2015 – Bohannon Huston, Inc. (BHI) is pleased to announce **Dumas Slade** has joined the firm as Aviation Manager. With 40 years of experience, Mr. Slade brings extensive knowledge in airfield geometry, construction project development and execution, and FAA and State Aviation Division grant application and project phase management.

"We are glad that Dumas has agreed to join our BHI team," stated Albert Thomas, Senior Vice President. "We look forward to extending our services in the aviation market to further support our Municipal, DOT, and Tribal Nations customers, and to working with Dumas to help expand our practice and grow our business," Mr. Thomas added.

Mr. Slade attended New Mexico State University, continued his aviation studies at the University of Texas, Austin and holds an FAA Private Pilot's License.

Prior to joining BHI, Mr. Slade was actively involved in airport design and construction and construction projects. Throughout his 40 years in the industry, he has completed roughly 200 airport projects which involved project and construction management, airport planning, and quality control. He has been instrumental in the ground-up development of four new airports and his list of major project accomplishments include several New Mexico airports, as well as airports in Arizona and California.
