Census Tract 2.01

Population: 3,306

Identified as disadvantaged? YES – This tract is considered disadvantaged because it meets more than **1** burden threshold AND the associated socioeconomic threshold.

Burden Met

<u>Legacy Pollution</u>

- Proximity to Superfund sites – **99th (above 90th percentile)** *Count of proposed or listed Superfund (or National Priorities List (NPL)) sites within 5 kilometers*
- Low Income – **77th (above 65th percentile)** *People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher education*

<u>Water and Wastewater</u>

- Underground storage tanks and releases – **98th (above 90th percentile)** *Formula of the density of leaking underground storage tanks and number of all active underground storage tanks within 1500 feet of the census tract boundaries*
- Low Income – **77th (above 65th percentile)** *People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher education*

<u>Workforce Development</u>

- Unemployment – **90th (above 90th percentile)** *Number of unemployed people as a part of the labor force*
- High school education – **26% (above 10 percent)** *Percent of people ages 25 years or older whose high school education is less than a high school diploma*

Census Tract 4

Population: 4,803

Identified as disadvantaged? YES – This tract is considered disadvantaged because it meets more than **1** burden threshold AND the associated socioeconomic threshold.

Burden Met

<u>Climate Change</u>

- Projected wildfire risk – **92nd (above 90th percentile)** *Projected risk to properties from wildfire from fire fuels, weather, humans, and fire movement in 30 years*
- Low Income – **93rd (above 65th percentile)** *People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher education*
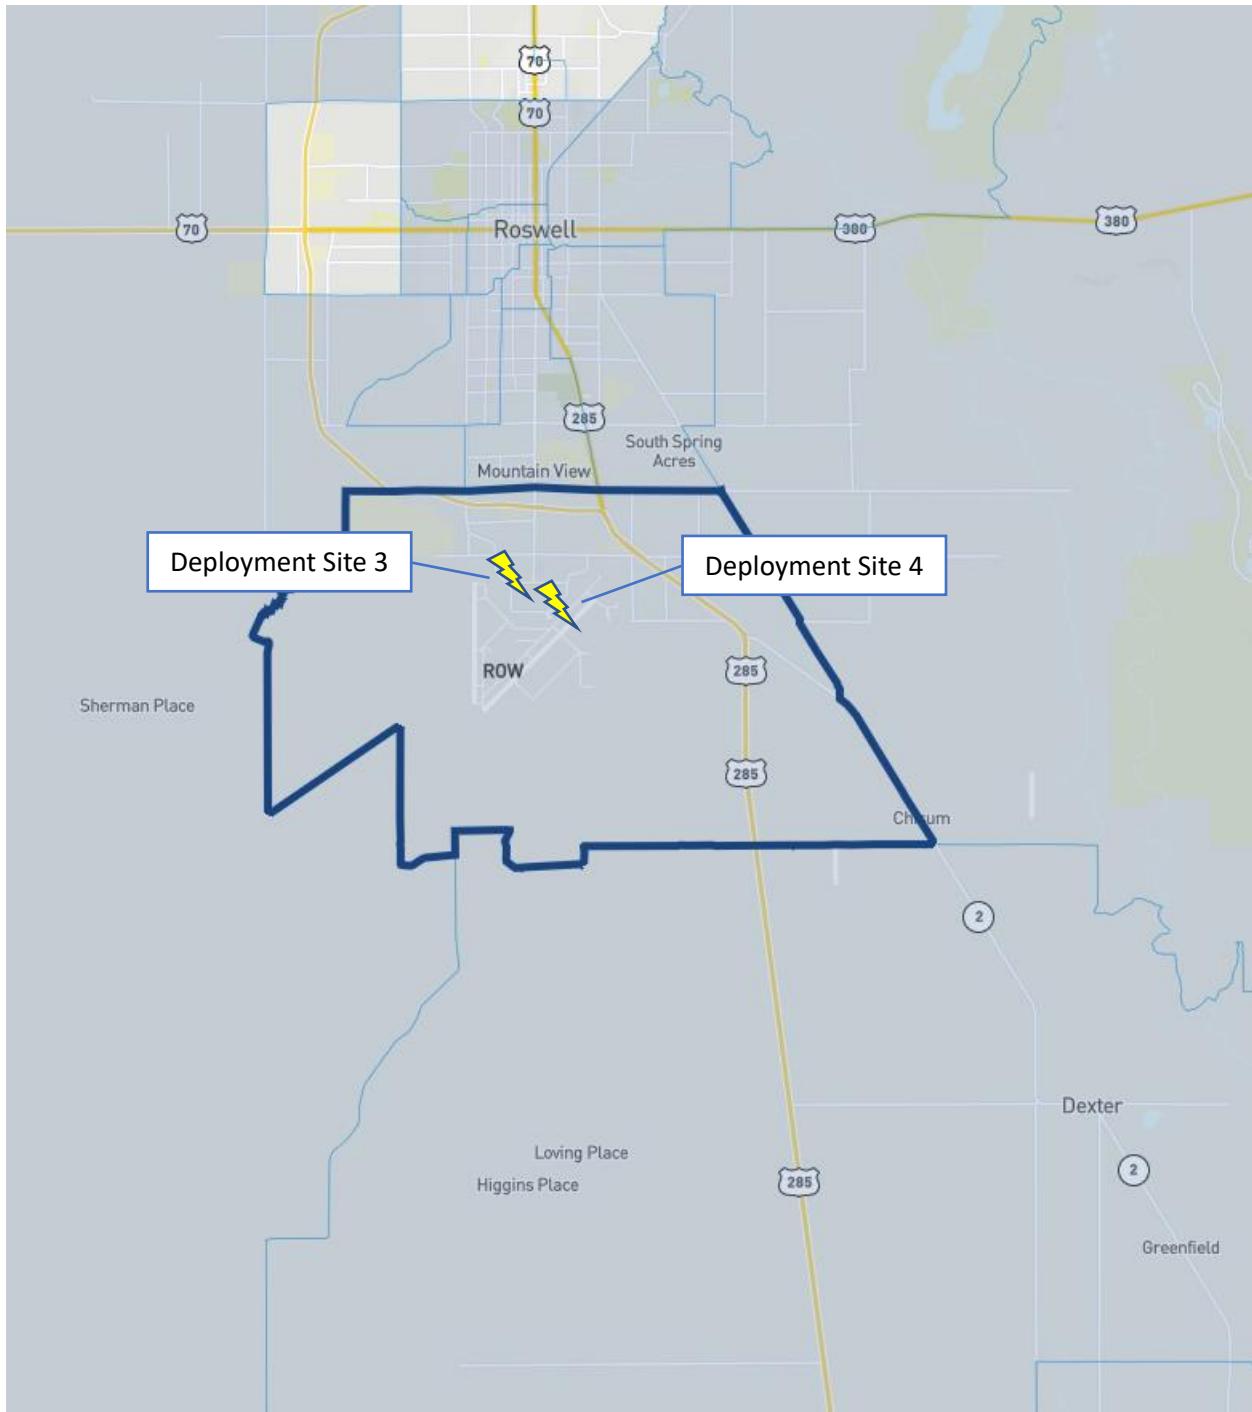

<u>Health</u>

- Low life expectancy – **96th (above 90th percentile)** *Average number of years a person can expect to live*
- Low Income – **93rd (above 65th percentile)** *People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher education*

<u>Legacy Pollution</u>

- Proximity to Superfund sites – **97th (above 90th percentile)** *Count of proposed or listed Superfund (or National Priorities List (NPL)) sites within 5 kilometers*
- Low Income – **93rd (above 65th percentile)** *People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher education*

<u>Water and Wastewater</u>

- Underground storage tanks and releases – **92nd (above 90th percentile)** *Formula of the density of leaking underground storage tanks and number of all active underground storage tanks within 1500 feet of the census tract boundaries*
- Low Income – **93rd (above 65th percentile)** *People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher education*

Census Tract 11.01

Population: 5,488

Identified as disadvantaged? YES – This tract is considered disadvantaged because it meets more than **1** burden threshold AND the associated socioeconomic threshold.

Burden Met

Climate Change

- Projected wildfire risk – **93rd (above 90th percentile)** *Projected risk to properties from wildfire from fire fuels, weather, humans, and fire movement in 30 years*
- Low Income – **94th (above 65th percentile)** *People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher education*

Legacy Pollution

- Formerly Used Defense Sites – **YES** *Presence of one or more Formerly Used Defense Site within the tract*
- Low Income – **94th (above 65th percentile)** *People in households where income is less than or equal to twice the federal poverty level, not including students enrolled in higher education*

Workforce Development

- Linguistic isolation – **95th (above 90th percentile)** *Share of households where no one over age 14 speaks English very well*
- Poverty – **91st (above 90th percentile)** *Share of people in households where income is at or below 100% of the Federal poverty level*
- High school education – **28% (above 10 percent)** *Percent of people ages 25 years or older whose high school education is less than a high school diploma*
